Technical Specifications

Construction

Diecast Aluminium Plate

Degree of Protection

12V AC/DC

100-120V AC50/60Hz

220-240V AC50/60Hz

Units of Measurement

psi / kPa / bar / kg/cm²

LCD Types

1 - psi / kPa / bar

2 - psi / kg/cm² / kPa

Operating Range

5-145psi / 35-1000kPa / 0.3-10.0bar / 0.4-10.2kg/cm²

Accuracy + or -

0.3psi / 2kPa / 0.02bar / 0.02kg/cm²

Operating Temperature

Without heater

0°C to +60°C [32°F to 140°F]

With heater

-20°C to +60°C [-4°F to 140°F]
