

XDA / XDD

Heavy Duty Digital Tyre Inflator (single/dual display)

The Airtec XDA is a heavy duty automatic digital tyre inflator suitable for a wide range of tyre inflation applications including service centres, transport yards, military vehicle, depots, mining sites, aircraft hangers and petroleum forecourts.

The heavy duty and weatherproof die-cast construction makes the XDA ideal for both indoor and outdoor use.

The XDD is a dual display tyre inflator. While the top display shows the set pressure, the bottom display shows the actual tyre pressure during inflation.
